

PRIME MINISTER • PREMIER MINISTRE

August 12-17, 2018

Dear Friends:

I am pleased to extend my warmest greetings to everyone attending the International Conference and 69th International Executive Council Meeting of the International Commission on Irrigation and Drainage.

This event, being held in Saskatoon, Saskatchewan, brings together over 500 delegates from around the world to discuss innovative and sustainable agri-water management, and to explore the challenges presented by climate change.

I would like to commend the Canadian Water Resources Association and the Canadian Committee for Irrigation and Drainage for providing a platform for participants to share their experiences. I am certain that everyone in attendance will benefit from the presentations, open discussions and training, and will leave with renewed enthusiasm to take on the challenges that lie ahead.

Please accept my best wishes for a productive event.

Yours sincerely,

The Rt. Hon. Justin P.J. Trudeau, P.C., M.P.
Prime Minister of Canada
